

Phoenix, AZ – March 13, 2024 – Emerging from the depths of the Arizona desert, Daytripper, the stoner doom phenomenon, is proud to announce the release of their highly anticipated debut album, "Book I: The Trip". With an immersive blend of infectious riffs, ritualistic theatrics, and captivating lore, the sages invite listeners on a voyage through the world of their savior: The Daytripper.

Released March 8, 2024, "Book I: The Trip" is a testament to the band's dedication to their craft and their commitment to pushing the boundaries of the doom metal genre. From the heavy, yet psychedelic opening track to the grandiose 4-part crescendo of the finale, each song is a sonic odyssey.

"We wanted to create an album that celebrates the rich culture of doom." says The Sage Scribe, vocalist and guitarist. "With 'Book I: The Trip', we've created a world filled with dark lore and fantasy that is compelling, unique, and calls listeners to fully immerse themselves."

In their short but impactful career, Daytripper has already shared the stage with some of the best names in the genre, including Conan, REZN, and Belzebong. Now, with the release of "Book I: The Trip", they are poised to take the doom metal world by storm.

"Book I: The Trip" is now available on all major streaming platforms.
